GAIL FARBER, Director

ADDRESS ALL CORRESPONDENCE TO:
P.O. BOX 1460
ALHAMBRA, CALIFORNIA 91802-1460

August 31, 2010

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

#24 AUGUST 31, 2010

Sachi A. Hamai
SACHI A. HAMAI
EXECUTIVE OFFICER

ACCEPTANCE OF WASTE TIRE CLEANUP AND AMNESTY EVENT GRANT (ALL SUPERVISORIAL DISTRICTS) (3 VOTES)

SUBJECT

This action is to accept a grant in the amount of \$146,000 from CalRecycle to assist in funding Countywide waste tire cleanup programs and collection events.

IT IS RECOMMENDED THAT YOUR BOARD:

Accept a grant in the amount of \$146,000 from CalRecycle to fund the cleanup of tires illegally dumped within County road right of way and to partially fund six waste tire collection events throughout the County where residents may drop off waste tires to be recycled free of charge.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the Board action is to accept the Local Government Waste Tire Cleanup and Amnesty Event Grant from CalRecycle to fund the County's waste tire cleanup and collection programs and collection events.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provision of Operational Effectiveness (Goal 1) by securing external funding for projects that benefit communities and the environment; and Community and Municipal Services (Goal 3) by providing responsive waste management services, thereby improving the quality of life for County residents.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund. The estimated cost for the removal and disposal of waste tires from the County road right of way is \$56,000 and is included in the Fiscal Year 2010-11 Solid Waste Management Fund Budget, which will be reimbursed through the grant.

The estimated cost for the six waste tire amnesty collection events is \$140,000 and is included in the Fiscal Year 2010-11 Solid Waste Management Fund Budget. Funding from this grant in the amount of \$90,000 will be utilized to partially reimburse the cost to conduct the collection events. This grant will result in a net cost to the Solid Waste Management Fund of \$50,000. The Cities of Lancaster and Palmdale will contribute in-kind services, which will consist of providing collection sites, local outreach, and traffic control for the two collection events in the Antelope Valley.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Of the total \$146,000 grant amount awarded, \$56,000 will be used to fund the collection and disposal of waste tires illegally dumped within County road right of way. Facilitating the cleanup of the tires will greatly benefit communities throughout the County. Waste tires disposed of on public roadways and alleys have negative impacts on community aesthetics, traffic accessibility, health, and safety, particularly when disposed of near schools, residences, and community facilities. Stockpiled waste tires have the potential to serve as nesting areas for rodents and breeding grounds for mosquitoes, which can spread the West Nile virus. Waste tires can also catch on fire and release toxic smoke.

The remaining grant funding in the amount of \$90,000 will be used to fund six waste tire collection events which enable residents to drop off their waste tires to be recycled free of charge. The collection events will be conducted during Fiscal Year 2010-11 at various locations throughout the County, including two collection events in the Antelope Valley in partnership with the Cities of Lancaster and Palmdale.

On July 11, 2000, your Board approved guidelines for the acceptance of State and Federal grants of \$100,000 or more. These guidelines include a requirement that County departments prepare a Grant Management Statement for your review prior to the departments conducting activities covered under this grant. Accordingly, the Grant Management Statement for this grant is attached.

On March 21, 2006, your Board authorized the Director of Public Works or her designee to execute agreements and any amendments needed to secure grants with CalRecycle.

ENVIRONMENTAL DOCUMENTATION

In 1993 your Board approved the environmental document for collection events which are a facet of the County's Integrated Waste Tire Management Program, which is a component of the Los Angeles County Source Reduction and Recycling Element. The Negative Declaration found that the Program will not have a significant effect on the environment in accordance with the provisions of the California Environmental Quality

Act (CEQA).

In accordance with Section 15378(b)(2) of CEQA, the proper disposal of waste tires illegally dumped along the County's road right of way does not constitute a project since it is a continuing maintenance activity and therefore is not subject to the requirements of CEQA.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The grant will augment the County's operations to maintain clean and traversable roadways and the County's Integrated Waste Tire Management Program by providing free tire recycling services to County residents.

CONCLUSION

Please return an adopted copy of this letter to the Department of Public Works, Environmental Programs Division.

Respectfully submitted,

A handwritten signature in cursive script that reads "Gail Farber".
